RETURNS TO THE FRAY

MAURICE B. HARTMANN AGAIN
GOES ON RECORD ABOUT
STREET NAMING

Some make mountains out of molehills of perplexities or seeming perplexities. At first blush it naturally does seem that the arrangement of names and numbering of our Glendale streets is unsatisfactory, especially where Tropico's north and old Glendale's south join. Also the names of some streets. Take Eighth street, which changes to Maple on Glendale avenue and changes again on Columbus to Penn street. To the amateur city planner this no doubt is intolerable, but every city seems to have trouble, if it is that, of the same sort. London, England, could duplicate conditions as here a hundredfold. Take the two best-known thoroughfares in London, say, start from St. Paul's Cathedral in the E. C., going down Cheapside passing Old Newgate Prison on the left and St. Martins-le-Grand (General Postoffice) it changes to High Holborn, next to Holborn, next to Oxford street, next Oxford Circus, next again Oxford street, at Marble Arch, Hyde Park, this same street becomes Bayswater Road. Or start again from St. Paul's, you go down Ludgate Hill, next Fleet street, next Strand, next Charing Cross, next Trafalgar square, next Whitehall street and others I don't just now recall. London has about a dozen High streets besides duplications of names of other streets. Mail is delivered promptly wherever you may reside, temporarily or permanently. The tax collector will locate you unerringly. The only things that may be delayed, sometimes, are remittances expected. St. Paul, Minn., presents the unique spectacle of Third street crossing, at the same place, Fourth, Fifth, Sixth and Seventh streets. First and Second streets got hopelessly lost a good many years ago in the railroad yards. The remainder of numbered streets, i. e., Eight, Ninth to Fifteenth street, had been mutilated, some at one end, some at both ends. To add to this, several small communities, each with its own system of laying out its streets, naming and numbering them to suit themselves. Some ten years ago the city council was induced by some citizens to call a mass meeting to consider ways and means to bring order out of chaos, as they saw it. A committee was appointed which eventually reported, recommending no change should be made except the renaming of two short streets. That was all. Half a city of great importance, lies under Mount Carmel on the Bay of Acre, Syria. The half of that city is inhabited by the natives (Turks); the other half is German. Each half has its names, numbers, etc., in its native tongue. The German has everything, name, profession, occupation or calling in the German language the same as if he lived in Berlin. How would you like the Kaiser to tell Glendale how to rename our streets. Wake up and think. Leave everything as it is except where it conflicts. In Tropico add "T." That is all that will be necessary.

M. B. HARTMANN.

C. E. ANDROSS GOES EAST

Evangelist C. E. Andross, well known to Seventh-Day Adventists in Glendale, and who for several years has been engaged in evangelistic work in Southern California, has been invited by the Chesapeake Conference of this denomination to make the states of Delaware, Maryland and West Virginia his future field of labor. He will probably be engaged in evangelistic work in Baltimore, Maryland, Wilmington, Delaware, and other large cities of the east.

Mr. Andross is a graduate of the Pacific Union College, a Seventh-day Adventist institution located at St. Helena, California.

Last year he was associated with Evangelist P. L. Knox in a series of meetings in Tropico.

Evangelist Andross is a son of Pastor E. E. Andross, President of the Pacific Union Conference and lately elected vice-president of the World Conference.

PATRIOTIC KNIGHTS OF COLUMBUS

Secretary McAdoo has been advised by D. J. Callahan, supreme treasurer of the Knights of Columbus, that the Supreme Board of Directors of the order had authorized him to subscribe for \$500,000 worth of third Liberty bonds. This is the largest authorized subscription by any organization to the third Liberty loan that has been reported thus far.

WEATHER FORECAST—Fair tonight and Tuesday. Moderate westerly winds.

SALVAGE DRIVE

HIGH SCHOOL BOYS AND FRIENDS
WITH AUTOS DID FINE WORK
SATURDAY

Splendid work was done by High School boys in the salvage drive which they made Saturday. Ten automobile machines were furnished by good citizens as follows:

Stewart McMillan, Mrs. Moore, Kenneth Perrin, Dan Campbell, Mr. Bollinger, Mr. Davis, Mrs. Hartley Shaw, N. C. Hayhurst, Ralph Hutchinson, Milton Brown.

Boys and men who helped in the drive included the following: John Bender, Bernard Gunion, Verne Wilson, Robt. Carmack, J. Hamilton, D. Davis, Ralph Taylor, K. Wilde, F. Balthis, F. Herman, T. Griswold, Merritt Brown, Tom Lyons, Milton Brown, R. Sallstrom, Fred Dodge, P. Cauldwell, Manfred Barnes, Robt. White, Dolliver Webb, Berna Martin, Arthur Campbell, Mr. Moore, Irving Oliver, Harry Howe, Messrs. Davis and Lockwood.

More magazines were turned in than have been collected before in four weeks.

Other specialties of value given to the boys included the following articles which citizens are asked to call and inspect. They will be sold at reasonable prices:

Quick detachable tire—32x3 1/2.

25 feet of 2-inch water pipe.

60-gallon hot water tank in good condition, but no attachments.

Top and side curtains for Ford roadster, with iron framework.

Citizens who can make use of these articles will be helping the Red Cross and will be conserving valuable material if they buy them.

D. O. MARTIN INJURED

Daniel O. Martin of 208 1/2 San Fernando boulevard, in the Tropico district, and an old and much respected resident who owns large property holdings on that boulevard, suffered a serious accident today (Monday). As he was boarding a car with the intention of going to Los Angeles, he was jostled and fell to the pavement. An automobile, which fortunately appeared at that juncture, conveyed him to his home and a doctor was called who located the injury in his right hip, which it is feared is broken. As Mrs. Martin had received no warning of his accident, his arrival in that condition was a great shock to her. Mr. Martin's son in Los Angeles was sent for and he will receive every care and attention. He has many friends in the city who will be grieved to learn of his misfortune. He and Mrs. Martin were planning a trip east to visit their daughter Mrs. Burke, in Oklahoma, Oklahoma, and a son in Kansas.

MRS. McNUTT A JURYWOMAN

Glendale has another jurywoman. Mrs. P. S. McNutt is attending court, serving on the jury in Department 11, Superior Court. Mrs. McNutt was a leader in the suffrage campaign which gave women the right to vote and was one of the first half dozen women who registered as an elector under the new law. She has been for many years a leader in parliamentary law and is an authority on up-to-date usage and rules for conducting clubs and public assemblies. It will be remembered that she captured the first prize for Glendale in the parliamentary law contest between women's clubs of Southern California at Long Beach two years ago. She has served in the capacity of parliamentary law instructor for many of the women's clubs and parent-teacher associations. That she will make a creditable showing as a jurywoman can be taken for granted.

FOR SICK SOLDIERS

W. W. McElroy drove to Camp MacArthur Sunday with a load of lemons and other fruit, also jellies, jams, etc., for the sick boys in the hospital there. His load was made up of contributions turned in to Conservation headquarters on Broadway, to the Red Cross headquarters and to Mr. Packer's garage.

Mr. Henry, of the Henry-Brown Company, has volunteered to send the truck of his firm to Camp MacArthur if citizens will get together a load of lemons and other delicacies and will also contribute a consignment of ginger ale for the sick boys. Mr. Henry says he has been in service himself and knows how good those drinks taste to soldiers, especially when they are sick. Here is a chance to get a lot of goodies direct to the boys.

HINDENBURG HAS WON NO OBJECTIVE

ON THE LONG BATTLE LINE THE ALLIES ARE EVERYWHERE MASTERS OF THE SITUATION

(Special Service to Glendale Evening News)

The first phase of the Flanders battle is over with the British victorious.

General von Hindenburg failed to gain any of his ambitious strategic or geographic objectives. He has been unable to switch Haig's army and has captured none of the important cities for which he was driving, Hazebrouck, Balleuil, Aire, Lillois and Bethune.

The fighting continues along this front, but the German attacks are growing more feeble, while the British resistance is strengthening.

The enemy it is believed will continue the drive on Balleuil in the north, St. Vevant in the center and Bethune to the south for at least the next few days, but the heaviest blows will likely be directed against Ypres or southward against Vimy and Arras.

The British positions around Ypres are retarding the Flanders drive, while Vimy ridge and Arras are holding up the Picardy offensive.

The Germans are continuing the attack against Apremont forest east of St. Mihiel in the Toule sector and are attempting to storm the Franco-American trenches north of Mihiel on the right bank of the Meuse.

In every attack in the sector the Americans have been the masters of the situation, repulsing all attacks with heavy casualties to the enemy and many prisoners and guns taken.

On the Lys local fighting continues against tactically important positions.

The British in the half-burned city of Balleuil have foiled von Hindenburg's plans. Ten times an attempt was made to take Neuve Eglise, hoping to break the British line from Balleuil from the north. They took the city, but could not progress beyond.

LIBERTY LOAN ENTHUSIASM CONTINUES

ONE THOUSAND COMMUNITIES THROUGHOUT THE COUNTRY HAVE ASKED FOR HONOR FLAGS

(Special Service to Glendale Evening News)

WASHINGTON, April 15.—The Third Liberty Loan campaign steamed into the second week today under full pressure.

The Minneapolis district disposed of its entire quota and then some during the first week of the campaign, after a week's preliminary speechmaking campaign.

The latest figures place subscriptions throughout the country at \$620,937,550.

Hundreds of cities expect to go over the top this week. About 1000 communities have asked for honor flags.

San Francisco has telegraphed 205 honor flags awarded, and there are fifty other claimants for flags.

There is no let-up to the enthusiasm, the wire concluded. San Francisco's award of honor flags included 72 for California.

CZERNIN RESIGNS

AUSTRIAN FOREIGN MINISTER IN DISFAVOR WITH MILITARY PARTY DECIDES TO RETIRE

(Special Service to Glendale Evening News)

AMSTERDAM, April 15.—Count Czernin, Austro-Hungarian foreign minister, has resigned.

Emperor Karl is said to have accepted his resignation.

The foreign minister will continue in office until his successor has been appointed.

Czernin has been in disfavor with the militarists, both in Austria and Germany, because of his alleged inclinations toward peace.

TO LAUNCH WOODEN SHIPS

CHAIRMAN HURLEY ANNOUNCES 63,000 TONS WILL BE READY FOR THE WAVES MAY 1

(Special Service to Glendale Evening News)

WASHINGTON, April 15.—Eighteen wooden ships totalling 63,000 tons will be launched May 1, Chairman Hurley of the Shipping Board announced today.

In addition to this, 20,000 tons of shipping will be launched under private contract.

DENVER HAS CHAPLAIN

JIM GOODHEART HAS THE DISTINCTION OF BEING FIRST OFFICIAL CITY CHAPLAIN IN U. S.

DENVER, Colo., April 15.—Denver is the first city to have an official chaplain. Jim Goodheart, whose Sunshine Mission on Larimer street is known to all the down-and-outers in the Rocky Mountain region, has been appointed chaplain by Mayor Robert W. Speer, who believes the appointment will save the salaries of several additional patrolmen, not to speak of keeping jail cells empty.

Chaplain Goodheart has been in the derelict-saving business for eleven years, and Denver citizens to a man have backed him in his work. He gets the confidence of the "submerged tenth" because he was once of that fraction himself, but fought his way back to the respect of society after a series of struggles that would make an absorbing book.

RED CROSS PARTIES

SOCIAL AND FINANCIAL SUCCESSES WHICH WILL YIELD OVER \$40

The card parties given at the home of Mr. and Mrs. John Robert White, 101 South Orange street, as benefits for the knitting department of the Glendale Red Cross Chapter, were a great success financially and also as social functions. This was due in no small measure to the gracious hospitality and courtesy of the host and hostess, both of whom are "true blue" when patriotic service is required.

Bridge and Five Hundred were played during the afternoon and prize winner was Mrs. Carrie Waite of Central avenue, who secured the first honors and carried home as her trophy a handsome pair of silk hose donated by Mr. Ward of the Horton Shoe Store. The second prize, a box of pretty handkerchiefs donated by the Webb Dry Goods Company, was won by Mrs. M. H. Rogers.

Play in the evening was confined to Five Hundred.

The White residence was beautifully decorated with roses and bridal wreath bloom and made a charming setting for the affair. While complete returns have not been made by members of the committee, it is known that receipts from the sale of tickets will be something over \$40, a sum which will be most acceptable to the Red Cross Chapter.

LIBERTY LOAN DRIVE

An enthusiastic meeting of chairmen of committees which are engaged in the Liberty Loan drive was held Saturday evening at the office of Vice-Chairman Lawshe of the Glendale Red Cross Chapter, who in association with P. H. Vesper, President of the Glendale organization, has general charge of the drive. From the reports then submitted it was apparent that the work was going forward in a satisfactory way and that none of the workers will relax their efforts until every citizen has been thoroughly canvassed and given an opportunity to show his or her patriotism by subscribing for bonds. Glendale's quota will probably be raised without difficulty, but to maintain its rank with other cities of equal size in the state, our city should exceed its allotment. The thought back of the drive is not alone the raising of a certain amount of money. Even more desirable it is to enroll every citizen, if possible, in the list of bond buyers and demonstrate to the enemy that America is solidly behind the United States of America in this war and ready to back it to the last dollar.

BIRTHDAYS CELEBRATED

A family reunion and dinner party was enjoyed Sunday at the home of Mr. and Mrs. Andrew Stephenson of 223 Central avenue, in celebration of the sixteenth birthday of Mary Logan, April 9th, and of the 54th birthday of Andrew Stephenson. Covers were laid for thirteen, a guest of honor being Corporal Dwight Stephenson of Camp Kearny. Other guests were Mr. and Mrs. John A. Logan, Mary Logan, Mr. and Mrs. John Hobbs and Dorothy Hobbs, Mr. and Mrs. Noble Ripley, Mrs. Glen Craig and Mary Pauline Craig. The entire party accompanied Dwight to Los Angeles, where he took the train for camp the same night.

GOES TO CAMP MERRITT

Mr. and Mrs. James A. Farrell were host and hostess at a dinner given Sunday at their residence, 123 East Broadway, in honor of Mrs. Irons, cousin of Mr. Farrell. Mrs. Irons was called to Southern California by the illness and death of her mother, and is now about to join her husband, Brigadier General Irons, who is stationed at Camp Merritt, New Jersey. The dinner was a quite informal affair limited to friends and relatives of Mrs. Irons, who will leave for the East in a couple of days and who is now the guest of Mrs. William A. Barker, 1689 Adams street, Los Angeles.

ANOTHER VICTORY

The League baseball game played between the team of Union High and South Pasadena on Friday afternoon on the local campus was won by the Glendale players with a score of 9 to 5. As the South Pasadena bunch are swift players, this was quite a victory and with the previous successes of the team, puts it well to the fore as a contestant for the League championship. The team has three more games to play, viz.: with Citrus High of Azusa, with Monrovia and with Alhambra teams.

LIBERTY LOAN WORKERS

ENTIRE ORGANIZATION TALKS OVER PLANS AT SATURDAY NIGHT'S MEETING

Practically the entire Liberty Loan workers' organization met at the headquarters Saturday night. The meeting was for reporting the progress of the drive and further instruction to the committeemen.

They report very satisfactory results to date. About one-half of the index cards with which they work have been turned in. The rest have either not been visited yet or the card is being held for further work. They expect to completely cover the territory this week. The balance of their work will be to check up the reports and follow up all premises. The second and third and last resort committees will take care of all special cases. Their efforts will be to see that all those who possibly can buy do their full share.

These committeemen and everyone in connection with this work are going to keep up their efforts till the last day. We should not be satisfied with anything less than 100 per cent oversubscription.

When the final results are in let us be able to show a record subscription not only in dollars but in the percentage of our population subscribing.

THEY TOO SERVE

Chapter A. H. of the P. E. O., Tropico district, held an all-day meeting Friday at the home of Mrs. John A. Logan, corner Central avenue and Cypress, at which in addition to holding the regular business session the ladies sewed for the local relief committee and made two comforters and finished several infant garments. A picnic luncheon was served and Mrs. Tholen conducted a guessing contest on the flags of nations which have declared war against Germany and united with the Allies. It was a very well-attended meeting and a profitable one from the standpoint of service. Arrangements were made for quite a large delegation from the Chapter to visit the Los Angeles Chapter headquarters to assist in Red Cross work Tuesday.

The next meeting of the Chapter which will be held on the 26th of April, will be a picnic in Griffith Park.

SERGEANT SADLER

Sergeant Martin Sadler from Camp Kearny was a guest of honor at Union High this morning and addressed the students at a special assembly from 11 to 12. He was accompanied by Bill Stinger, whose clever verses in Los Angeles dailies are familiar reading. They were given quite an ovation. Lieutenant Sadler is a great favorite in the school and has been given a star in the service flag of the school because of his many friends here and because he has no relatives to display a service flag for him. He talked on behalf of the Liberty Loan and made an eloquent plea for the purchase of bonds as a matter of patriotism. Bill Stinger gave the boys and girls quite a treat by reciting some of his most popular poems.

MORE NOTIFICATIONS

So many of the fifty registrants summoned for the recent draft of 29 men will be excused because of having been found unfit physically, or because of agricultural exemptions, that the Exemption Board has found it necessary to send out additional notifications. Fifteen more cards will be mailed to registrants today or tomorrow and it is expected that the list of men selected for entrainment will soon be available.

Another draft will be made about the tenth of next month. Should the same number be required and should the same percentage of the registrants be exempt, there will be enough men in Class 1 to supply two more drafts of 29 or 30 each. The Board has received no intimation of the number that will be called in April.

WAR LECTURE TUESDAY

Edgar F. Dougherty will be the speaker at the big free mass meeting which will be held Tuesday evening in the High School auditorium. He is a professional lecturer who has been on the Redpath Circuit. He is a very eloquent speaker and is one of the most popular of those who have been sent out from national headquarters to make patriotic addresses. His theme will of course be the war and its obligations. It will be an unusual opportunity to hear a very talented man on the theme of absorbing interest to every citizen at this time.

LIBERTY BONDS VS. BONDS OF TYRANNY

How much money would you give, providing that would accomplish the result, to prevent the landing on our shores of an army such as invaded Belgium and overrun that country?

It is altogether possible that this can happen. You remember what the Kaiser told our former Ambassador, Mr. Gerard, before he left Germany as our representative there? He said to Mr. Gerard: "After this war is over I will stand no nonsense from America."

The Kaiser did not make this remark as an idle threat. It was made before we entered the war and because we did not choose to endorse the German method of warfare. Do you suppose that he has a kinder feeling toward us now, or has changed his mind? What could the remark mean? It meant German frightfulness brought down to date!

Do we want our children to grow to manhood and womanhood with an arm missing, our homes destroyed, our country devastated?

Have we any reason to believe that Germany would deal more gently with us than with the other countries she has subjugated? Nothing in the world can prevent this from coming to pass sooner or later, except the winning of this war by the allies.

Germany's idea of world domination must be broken up, and so decidedly so that it will never reappear. To accomplish this requires soldiers, ships, aeroplanes, munitions, food—and to obtain these—what? Money and more money. Where is the money to come from if you and I do not furnish it? We are not asked to GIVE money for the purpose of obtaining these things. We can not all be soldiers, shipbuilders or farmers, but we can do something which is just as effective—we can LOAN our surplus money to UNCLE SAM by investing it in bonds of the THIRD LIBERTY LOAN which not only provides a good way to save money, but will also make safe that which we have left, and insure us a country in which to make more money.

Germany has a different idea of justice than the rest of the civilized world. To her nothing is sacred that stands in the way of accomplishing her unholy ambitions. A government that will conceive and carry out the long list of atrocities with which we are all familiar, on helpless and innocent people, and conduct an unjustified war in such a barbarous and inhuman manner as she is doing, should not exist, and every dollar used in the effort to terminate such a government is well used and will be a blessing to posterity the world over.

We all want to help UNCLE SAM to WIN—and he is going to win—but don't leave it all to the other fellow—YOU buy LIBERTY BONDS—then you can truthfully say "I helped."

Don't be satisfied because you have purchased Liberty Bonds of the earlier issues, but be glad that you did. The reasons are as good and better that you should buy more of the THIRD LIBERTY LOAN now.

Buy them today and count it a particular privilege.

C. H. MUHLEMAN.

FURLOUGHED FOR FARMING

Under General Order No. 31 the War Department provides for the granting of furloughs to enlisted men to assist in the planting or harvesting of crops, as follows:

War Department,
Washington, April 2, 1918.

General Orders, No. 31:

(1) It is the intention to make use of the authority to grant furloughs to enlisted men in accordance with the act of March 16, 1918 (Public 105, 65th Cong.), to enable them to engage in agriculture during the present farming season for the purpose of augmenting the agricultural production. For this reason commanding officers may grant such furloughs whenever it appears that the granting of such furloughs will contribute to the purpose for which they were intended. But it is desired to reduce to a minimum the interference thereby created in the progress of military training and preparation; therefore, whenever the furloughing of an enlisted man substantially interferes with the training or preparation of the organization of which he is a member, the applications will be denied, in which case the reason for the denial will be indorsed upon the application.

Furloughs for Short Periods

Furloughs granted under this order will be for short periods, largely for seeding and harvesting time. They may be given by commanding officers of posts, camps, cantonments, divisions, and departments. Such furloughs will not be granted to enlisted men of or above the grade of first sergeant; nor will they be granted in an organization that has been ordered or is in transit from points of embarkation; and all furloughs granted will be recalled and the men ordered to their organizations when the latter have received preparatory orders for duty overseas. Furloughs granted under this order will be without pay and allowances except that enough pay will be retained in each case to meet allotments in force on the date of this order, war-risk insurance, and pledges on Liberty bonds.

2. Furloughs to specially qualified experts in agriculture needed in the service of the United States Department of Agriculture may be granted by the Secretary of War upon application therefor by the Secretary of Agriculture; or in the service of agricultural colleges, established under Federal law and regularly receiving Federal funds, upon

FOOD CONSERVATION

The demand for demonstrations by Mrs. Jessica Hazzard has been so great that the Glendale Unit of County Council of Defense has decided to discontinue the work here for the present in order that she may spread the work into newer sections. The work has been intensely interesting to those fortunate in attending Tuesday mornings, and we take this opportunity of thanking Mrs. Hazzard for her untiring efforts in this army of the kitchen.

We are greatly indebted to the Glendale Evening News for publicity, to the City Management for use of council chamber and installation of electric range, the Auxiliary of Presbyterian Church for use of table and to many attending for donations of supplies.

Appointments for special demonstrations may be made by any organization of women. Mrs. Hazzard's services are free through the U. S. Government, the only expense being the necessary supplies for use in the work.

MRS. A. A. BARTON,
Chairman Glendale Unit County Council of Defense.

BIG CONCRETE SHIPS

It is reported from Washington that the emergency fleet corporation is so favorably impressed by the floating of the big concrete ship "Faith," recently launched at a Pacific port, that the government will at once establish three yards for the construction of concrete ships. The "Faith" is 320 feet in length and has 5000 tons dead weight carrying capacity. The government proposes to build ships of 7500 tons. These will be designed as tank steamers to carry oil, the government believing that the large concrete vessel is better adapted for this service than for a general cargo carrier.

I asked her to wed and she said, "Ask Papa."
She knew that I knew her papa was dead,
And I knew that she knew the life he had led,
And she knew that I knew what she meant when she said "Ask Papa."

application therefor by the presidents or other executive heads of such colleges, provided such furloughs are voluntarily accepted by the persons desired.

THE LIBERTY LOAN

A. L. Price
If you want a bit of insurance
On all that you call your own,
A pledge for its safe endurance,
Subscribe for the Liberty Loan.

"What do you mean—insurance?"
You ask in an undertone,
(For you don't want it out—you harbor a doubt
About the new Liberty Loan).

Well, here is your answer, fellow,
Here's the insurance clause
In the Liberty Bond that is selling
around
With a speed to make Wilhelm pause:

It's a guarantee of your freedom,
For where would your freedom be
If the Kaiser guy for once got by
And ruled on a terrorized sea?

It's a guarantee that your women,
Your mother, your child, your wife,
Shall not be slaves, not go to their graves
At the point of a Prussian's knife.

It's a guarantee that your youngster
(I guess you are proud of your son),
Won't have to drill at a sergeant's will—
The sergeant being a Hun.

It's a guarantee that your country—
You know what I mean, old sport—
Will never be ruled, and fooled and schooled
By a rotten old Potsdam court!

If you want a bit of insurance
On all that you call your own,
A pledge for its safe endurance,
Subscribe to the Liberty Loan!

"And now, Jimmy, why is it that lightning never strikes twice in the same place?"
"Because," said Jimmy, confidently, "after it hits once, the same place ain't there any more."—Sacred Heart Review.

LOST

LOST—A bill purse and greenbacks in alley between Broadway and Fifth and Isabel. Reward. Call Glendale 592-W or 568 Broadway. 190t1

SACRAMENTO, April 15.—The amount of interest received on state deposits reached high water mark last month when it totaled the big figure of \$28,825.00. When Friend W. Richardson became state treasurer, the interest rate in many cases was as low as two per cent, but rates have been gradually increased until now all banks are paying 2½, 2%, and in many cases 3 per cent. No deposits are being made at present for less than 3 per cent. This new policy has increased the revenues of the state more than \$40,000 a year. There is a big demand for state money and the total deposits have reached \$13,468,975.

BAR ASSOCIATION WILL HELP

The American Bar Association has offered to co-operate with Secretary McAdoo in an effort to end the illegal and reprehensible activities of certain claim agents, attorneys, and others who are seeking to obtain employment in connection with the collection or preparation of claims under the war-risk insurance act and the Secretary has accepted the offer. Claim agents, attorneys, and others have endeavored to impose upon the dependents of soldiers and sailors and induce them to pay fees for services that are not required. Secretary McAdoo has pointed out that there is no necessity for the employment of claim agents or attorneys for the collection of any benefits granted by the war-risk insurance act. The process of such collection is exceedingly simple and the Bureau of War-Risk Insurance is prepared to render any and all assistance required.

A businesslike man stepped into a butcher's shop. "A piece of beef for roasting!" he ordered briskly.
The meat, mostly bone, was thrown on the scales.
"Look here!" remonstrated the man. "You're giving me a big piece of bone!"
"Oh, no, I ain't!" said the butcher blandly. "You're paying for it."—Washington Post.

Personals

The W. R. Campbell family is moving today from 326 North Maryland to 545 South Kenwood street.

Born, to Mr. and Mrs. R. H. Kimball, of 215 West Tenth street, Friday, April 12, 1918, a seven-pound son.

Mrs. Ben Nichols, after receiving word that her brother had received minor injuries in an auto accident, has gone to San Dimas to visit him and will be gone until Wednesday.

The tennis team of South Pasadena High visited Glendale Saturday morning and a very spirited game was played on the local court, which was won by the home boys with a score of 9 to 8.

Mr. and Mrs. Clifford C. Clanin of Boynton street, entertained with a seven o'clock dinner last Thursday evening, their guest list including Mr. and Mrs. Hearn Robinson of Brand boulevard, and Baby Teddy, and Mr. and Mrs. Roy McCumber of Tennessee.

Mr. and Mrs. H. L. Perkins and family, Mrs. E. Duley of 1653 West 20th street, Los Angeles, and Miss Enid Deeds of 1420 San Fernando road motored to San Dimas, Sunday, where they were guests at the home of Mr. and Mrs. E. W. Shuler, uncle and aunt of Mr. Perkins.

F. C. Merrick, the transfer man, is doing patriotic service for the Red Cross, as are many other business men in Glendale. He recently brought in a large gas stove to be sold at the Red Cross Shop which, when put in condition, will probably bring in quite a sum. He has showed other courtesies to the organization for which he made no charge.

J. H. Braly, who has been seriously ill at his home, 205 North Brand boulevard, is very much improved today. Callers at the Braly home yesterday were Judge and Mrs. Waldo M. York, W. D. Woolwine and family, of Los Angeles, Mrs. Arthur Braly of Pasadena, Mrs. Herman Janss of Ocean Park and Mr. and Mrs. Arthur Brown.

Mrs. Ernest Morgan of 409 North Central avenue was delightfully surprised one day last week by some of her neighbors who dropped in to celebrate her birthday, bringing the birthday luncheon and cake with them. The guest list included Mesdames J. F. Webster, W. C. Wattles, E. F. Tholen and Edw. M. Lynch. Needlework and social chat occupied the ladies during the afternoon.

Lieutenant Carl W. Swearingen of Camp Kearny was a dinner guest Sunday of Mrs. C. P. Brice and family. Lieutenant Swearingen was a very small boy twenty years ago when Mrs. Brice married and left their old home town, Center, Texas. A few years ago Mrs. Brice visited Center, but at that time Lieut. Swearingen was attending a medical college in Chicago. There was little resemblance in the soldier of today and the little boy of twenty years ago. The hours were spent very pleasantly talking over old friends and old times.

Mr. and Mrs. H. B. Goodrich of 520 Central avenue (Tropico district) have sold their home at that location to Mr. and Mrs. C. D. Bennett, who have been residing on Mira Loma lately but who formerly resided on Central avenue. They will take possession the first of next month, when the Goodrich family will move to Los Angeles, where they will make their temporary home. Mr. Goodrich owns a lemon ranch at Montebello on which he plans to build a residence, but not until building conditions are more favorable than they are at present.

JUNIOR RED CROSS BENEFIT

A beautiful entertainment, was the unanimous verdict of the audience which assembled at the Central avenue school to enjoy the benefit for the Junior Red Cross, arranged by Mrs. U. F. Newlin of this city and in which Miss Mary Young, the thirteen-year-old reader who is making such a local reputation, took a prominent part. Every seat was taken and a good many patrons were forced to stand in the aisles.

It was all fine, from the songs by the double trio of girls with which the program opened to the last number by Mary Young in some taking specialties in costume. The costumes were pretty and Mary did herself proud, looking quite queenly when occasion demanded in spite of the fact that she is still a little girl. She was graceful and charming, and her friends believe she has a wonderful future before her.

The several piano solo numbers by Mrs. Newlin were a treat which the audience appreciated, as shown by their applause and endeavors to secure encores. She is an artist and always gives pleasure when she appears on a program.

Girls of the Intermediate sang popular patriotic songs very sweetly and were warmly applauded.

The number which brought down the house and which drew the money from the pockets of patrons was the "Pathetic Appeal" sketch originated by Mrs. Newlin, in which four little Red Cross nurses in the persons of Jean Bernard, Dorothy Darnley, Genevieve Burr and Mary Lois Newlin appealed for the Red Cross cause, one little nurse remaining on the platform to exhort the hearers to give while the remaining trio circulated among the audience and collected the coin. Central avenue school is noted for its charming entertainments and this was no exception to the rule. While the financial report has not yet been submitted, it is reasonably certain that not less than \$20 will be contributed to the Junior fund.

DINNER AND THEATRE PARTY

The Three Weeks club had an outing Saturday when they drove to Los Angeles and had dinner at the Hoffman and spent the evening at the Grauman Theatre. They had expected to go to the beach, but high winds discouraged them and they remained in the Angel City instead. The party included Mr. and Mrs. H. H. Parker, Mr. and Mrs. H. H. Martin, Mr. and Mrs. Arthur D. Cross, Mr. and Mrs. Edward M. Lynch, Mr. and Mrs. Lawrence Ellis, Mr. and Mrs. Warren Roberts, Mr. and Mrs. McClintock of Eagle Rock, Mr. and Mrs. James O. Westervelt.

LITERARY SECTION

The Literary Section of the Tuesday Afternoon club will meet at the home of Mrs. H. E. Bartlett, 101 S. Brand boulevard, 2:15 Tuesday afternoon. There will be miscellaneous quotations and an interesting program. Mrs. Edgar S. Pack will give some interesting reminiscences of her life in England.

TRIMMED WIDNEY'S CLASS

Mr. Boyd's Sunday School class of the Presbyterian Church beat Mr. Widney's class 26 to 18 Saturday morning on the Intermediate school grounds. The boys will have another bout next Saturday.

Mr. and Mrs. Hearn Robinson of Brand boulevard entertained at dinner Sunday, Mr. and Mrs. Lewis Marshall and their daughters Henrietta and Regina, of Ramona. Mr. and Mrs. Marshall are the parents of Mrs. Robinson.

ANNOUNCING

The location in this city of R. E. Merz, expert tuner and repairer of pianos.

If you are particular I can please you. If you don't understand tuning you should put your piano in the care of a competent tuner.

A CLEAN PEACE AND THE INTERNATION

The meeting of the Toward Democracy club was held Sunday evening at the home of Mr. and Mrs. N. J. Wright. Mrs. Eileen Hitchcock read a paper on the subject, "A clean peace and the Internation."

In part Mrs. Hitchcock said: "With the stupendous battle that has been progressing 'over there' since March 21 still in a decidedly critical state, and with the consciousness ever weighing down of the extreme importance of that battle to mankind, one is moved to say that the only obvious step at present toward a clean peace and the internation is pointed out on the other side of the Atlantic in the words of Gen. Haig, 'There can be no retirement,' and on this side of the Atlantic by the slogan, 'Buy a Liberty Bond.'"

"A time will come beyond a doubt when a discussion of the terms of peace will be the first order of the day, but that time is not yet. To be sure, there must be some shaping of the objects to be obtained in this war and some idea of the conditions under which it is to be terminated must be formed, but that can not be the chief theme to emphasize now. The Germans must be defeated first. It is a permanent peace that must be eventually established. The idea of a permanent peace now bids fair to be one of the war's most transcendental by-products, to say the least.

"Peace when it comes will have to deal with many or all of the mooted questions of indemnities and annexations, the question of plebiscite—the voting of the inhabitants of a disputed territory of their future destiny—the questions of territorial readjustments, of complete or partial disarmament, the subject of the internationalization of straits and highways and the exportations of undeveloped countries (there must be an economic peace as well as a political peace), the question of the right of access to trade routes, raw materials and markets through international agreement.

"But the most important step toward any peace discussion is the defeat of Germany. None of us wants a peace made wholly in Germany. Such a peace would not be holy. Nor do any of us want an internation which is just between the Kaiser and himself."

REBEKAH'S ATTENTION

All members of Carnation Rebekah Lodge, also visiting members, are urgently requested to be present at the next meeting, Tuesday evening, April 16. Important business will be transacted.

"My friend, there is really no excuse for your not looking neat and clean."

"Sorry, mister," explained Plodding Peter, "but I'm conserving my bit along wit de rest o' de folks. You jes' happened to hit me on my soapless day."—Washington Star.

THEY ALL LOOK THE PART

"I couldn't serve as a juror, judge; one look at that feller convinces me he's guilty."

"Sh-h—that's the attorney for the state."

Judge—"I'm going to fine you \$5 for the chickens you stole the last two weeks."

Rastus—"How'll it be if Ah pays \$7.50, jedge? Dat'll pay foh up to an' including next Saturday night."

—Life.

Are you merely a stow-away—or do you pay your way?
BUY A LIBERTY BOND.

JAPANESE RAISE RATES

THE JAPANESE LABOR STATION announces that owing to the increasing cost of living they will advance their rates to 40 cents an hour; \$1.50 for half a day and \$2.75 for all day. These are the same rates that prevail in Los Angeles and Hollywood.

THE BEET OUTLOOK

"There was considerable disappointment among the valley beet growers with the finding of the commission. It was expected that at least a price of \$9 a ton would be recommended by the commission. There are a number of growers here, however, who consider the price very fair and if more acreage can be secured will plant more beets," reports the Van Nuys News. "On the other hand, a number of the growers around Oxnard met the other night and decided they would rather accept the contract offered by the A. B. S. Company than operate under the arrangement and price recommended by the investigating commission."

"No action has yet been taken by the A. B. S. Company on the commission's recommendation."

"As far as the San Fernando Valley is concerned there is not much hope that the beet acreage this season will run over 4,000 acres. Beets have first class, and it remains to be seen who will net the best acreage return, the bean farmer or the beet farmer. In commenting on the general sugar beet condition in Southern California, the 'Sugar Bowl' gives the following:

District	Acres
Corcoran	4,000
Bakersfield	5,000
Visalia	6,000
San Fernando Valley	4,000
San Bernardino Valley	4,500
Santa Ana	12,500
Huntington Beach	8,000
Los Alamitos	9,500
Anaheim	10,000
Oxnard	2,400
Total	65,900

"With this planting and others to come, it is believed that the crisis is passed so far as the sugar beet industry in this State is concerned, and that California will do its part to prevent a sugar shortage."

"The lure of certain high prices for all kinds of beans this year has unquestionably led many ranchers to abandon beet growing and turn their attention to beans, and there has been considerable delay among those who contemplate planting beets, pending the outcome of the sugar beet investigation and weather conditions."

"Beyond a doubt the Orange county and Chino districts have diminished their beet plantings fully 15 per cent this year, but the increase in acreage elsewhere—notably at Corcoran and Visalia—will in a measure compensate for this localized decrease."

"The prospect of a reasonable production the country over makes it appear that there will be enough sugar to supply the nation's needs. Utah and parts of Idaho are said to be increasing the beet acreage two and threefold in many districts, while in the Visalia district the planting is reported to be twice what it amounted to in 1917."

"It is not too late to plant sugar beets and with a splendid season in the ground and with an increased minimum price guaranteed many acres will yet be planted. Reports from Northern California and other states, as shown in this issue, indicate an increased acreage, which must be if we are to supply not only the domestic consumption but the needs of our soldiers and their allies in 1918. As the Sugar Bowl has advocated every grower, whether bean, barley or other crops, should plant some acreage to sugar beets, if he is within marketing distance of a factory; not only for patriotic reasons, but because it will pay."

TO ABATE NUISANCE

Orders from the State Board of Health for the abatement of the nuisance at Hyperion of the Los Angeles outfall sewer by some sewage disposal system has led to investigation by the municipality of the various systems in use. It was expected that tanks for an Imhoff plant (a German system) would be established at that point, but the Skeats Septic Tank system has been brought to the attention of the Board of Public Works, which will give it a test. It is represented that the city can save a million dollars in the construction of a sewage disposal plant by the adoption of the Skeats' system and at the same time conserve 4000 miners inches of water daily to be used for irrigation.

Prof. E. M. Skeats, the inventor, is now a resident of San Diego. The system was developed by him in England. It consists of a septic tank, a contact filter and nitrifying trays. Certain bacteria are supposed to be developed in the trays, through which the effluent passes, to successfully attack all organic matter and entirely deodorize it.

To test this system of treating the sewage the city will build an experimental plant at San Pedro.

POSTER COMPETITION

A national school poster competition has been put under way by the National War Savings Committee. Prizes of war-savings stamps are to be awarded for the best posters dealing with war-savings stamps and certificates, designed by pupils of public schools and art schools. The contest will close May 15.

U. S. CONGRATULATES CHILE

Under instructions from the Department of State, the American charge d'affaires at Santiago has extended the congratulations of this Government to that of Chile on the centenary of the glorious battle of Maipu (Apr. 5, 1818, where Chilean independence was won). He was also directed to recall that the establishment of friendly diplomatic relations between the two countries has its centenary this year, as in May of 1818 the first American diplomatic agent sent to Chile, Theodor Bland, congratulated the Chilean government on the splendid victory of Maipu.

The charge d'affaires has now informed Chile that the United States Government takes particular pleasure in again congratulating that country after a full century of progress and free government. It has also been recalled to the Chilean Foreign Office that the battle of Maipu was won with munitions largely obtained in this country. This country also participated in Chile's war of liberation with men as well as guns. An American citizen named Wooster, who had the rank of captain in the Chilean navy, commanding the Lautaro, was the first to board the Maria Isabel, a Spanish man-of-war. Capt. Wooster was later made a rear admiral. There were other citizens of the United States who fought and died for Chile in 1818. The United States government declared at the time that it did not regard the Chilean people as insurgents, but considered that they were entitled to equal rights and respect. In 1822 this government took the lead in recognizing the independence of Chile.

FISHING PROSPECTS

That the first of next month will see by far the best trout fishing that has favored Southern Californian angling licensees in many years seems forecasted by the better-than-expected sport in up-coast counties under the early April 1st opening, says an exchange. Further proof is found in the word of Deputy Harry I. Pritchard to Fish and Game Commissioner Connell from Bear Valley, stating that the egg takers had already handled some 500 ripe female rainbow trout and secured 1,000,000 eggs from them in the first week of their work. The big fish, of from two to six pounds, are fairly swarming in-shore, making a sight to cause anglers' mouths to water.

The Malibu watershed is said to be in wonderful condition this year; never better in its history, and bids fair to be played to its limit May 1st. F. H. Case, keeper of the Craggs Country club, telephoned recently that the stream was full of large and small fish, six two-footers in plain sight in a pool right below the house. Wardens are keeping watch of it, lest the temptation prove too strong to be withstood by some who would "sooner" than not. Water is not too high, quite clear, and the fish are jumping freely, so the artificial fly seems to be indicated for the "first."

WORMS IN PIGS

Recent investigations have shown the importance of taking special precautions with newly farrowed pigs to prevent their becoming infested with intestinal worms. Intestinal worms are very common parasites among pigs, and cause a great deal of damage to the young animals. It appears that as they become older pigs become less susceptible to infection. Accordingly, if pigs can be protected from infection during the first few weeks of life they are less likely afterwards to be seriously injured by intestinal worms of the common variety.

It would seem that the chief source of infection in the case of young pigs is the dirt-soiled skin of the sow. Small particles of dirt from the pigpen adhering to the skin of the sow may contain thousands of worm eggs. Little pigs while suckling may thus swallow not only their mother's milk, but also the worm eggs present in the dirt adhering to the teats of the sow.

The question of preventing losses among young pigs by worms, judging from the results of the investigations carried on by the Zoological Division of the Bureau of Animal Industry, largely resolves itself into a question of providing good sanitary conditions for the pigs, particularly during the suckling period. The sows before farrowing should be kept in clean, dry places away from mud wallows, and until the pigs are several weeks old they should be kept preferably in buildings and pens with floors which can be easily cleaned and which are kept clean.

TO TRAIN MEN FOR TECHNICAL EMPLOYMENT

A war emergency course to train selected men for machine-shop occupations, blacksmithing, sheet-metal working, and pipe fitting has been prepared by the Federal Board for Vocational Education and will be distributed to the schools throughout the country. It is known as bulletin No. 8.

The board is acting with the War Department in preparing these courses of study and in dealing with the State authorities in charge of the school work.

CROP VALUES

The corn crop of the United States is by far the most valuable agricultural product. When the colonists at Jamestown and Plymouth were saved from starvation by the corn provided by the Indians, this was a common Indian crop east of the Great Plains, and its annual production at that time has been estimated to have been possibly 2,000,000 bushels.

Corn at once became the mainstay of the agriculture of the whites, and the value of this crop, at farm prices, according to the estimate of the United States Department of Agriculture, reached the extraordinary total of \$4,054,000,000 in 1917 for 3,159,000,000 bushels, the largest and most valuable crop of corn ever grown. The cotton crop is next below in value, with an estimated production of 10,949,000 bales of 500 pounds gross weight, worth at the farm \$1,518,000,000. When \$327,000,000 is added for seed, the aggregate value of the cotton crop of 1917, at farm prices, becomes \$1,845,000,000.

The grand aggregate farm-crop value of 1917 is \$13,610,000,000, an increase of 97 per cent over the \$6,907,000,000 of 1915, or nearly a doubling in two years.

TRACTS TAKEN FROM SANTA FE FOREST

Acting on the recommendation of the Secretary of Agriculture, based on a field examination by the Forest Service, the President has issued a proclamation eliminating three tracts totaling 11,581 acres from the Santa Fe National Forest, New Mexico. By the same proclamation 25,475 acres are added to the national forest.

The two principal areas eliminated lie along the extreme western boundary of the national forest. One of these is a triangular tract of about 3,900 acres located between two of the old Spanish land grants known as the San Diego and the Ojo del Spirito Santo grants. This land is extremely rough, but has no value for forest purposes. Parts of the second area of 7,200 acres lying north of Cuba, New Mexico, and immediately east of the Jicarilla Apache Indian Reservation was found by the Forest Service to have a slight agricultural value.

Of the areas added to the national forest, one, comprising about 7,000 acres, is just north of the Pcuris land grant and about 12 miles southwest of Taos, New Mexico. The second and most important area is east of the Pecos river about 25 miles west of Las Vegas, New Mexico, and contains considerable quantities of timber suitable for the needs of the surrounding country.

HOUSING LAWS CONSTITUTIONAL

The California state housing laws have been declared constitutional in a decision handed down by Judge Crothers in the superior court of San Francisco.

The board of health recently filed complaints against owners of twenty cheap lodging houses in San Francisco, alleging that they were fire traps, unsanitary and a menace to health and life. The owners of the buildings contested the action of the board of health, setting forth as a defense that the new hotel and lodging house act was confiscatory and unconstitutional because it required changes and alterations in old buildings.

The court swept aside all of these contentions and in the decision handed down stated in substance that a law which provided for the welfare of human beings was not unconstitutional and that the particular laws were of a progressive character and must be sustained as being within the police powers of the state.

CAMP-FIRE PERMITS

Owing to the carelessness of campers with their camp fires, the Secretary of Agriculture has authorized the Forest Service to require permits for building camp fires in portions of the Cleveland and Santa Barbara National Forests. This requirement has in the past been confined to Angeles Forest, but because of the large per cent of fires resulting from this cause in 1917, it was found necessary to extend this requirement. The record for 1918 may determine whether or not the camp fire permits will be extended to the Sierras and Northern California regions.

ORANGES 10 CENTS EACH

The fact that California oranges and lemons are bringing higher prices than ever before in Eastern markets, is emphasized by almost daily reports of high premiums paid for fruit from the Golden State.

The following clipping was taken from the Albion, Michigan, Recorder: "Oranges are now eight cents each at Albion stores and ten cents at Battle Creek, the highest they have been in years, and but one size, the larger, is obtainable on the local market." The manager of a citrus house states that the "larger size," referred to in the item, probably indicated navel oranges, packed about 126 to the box.

A sign of an early spring—a tack on the Prefect's chair!

SUNLAND

Miss Ethel Martin is a week-end guest of Irene Lancaster at her pleasant home on Park avenue.

Darwin Kirschman is spending his vacation with his parents on Walnut drive.

Mr. Horton returned home Monday after a week's visit with his daughters, Mrs. Edwards of Los Angeles and Mrs. Abrams of Eagle Rock.

Mr. Goodrich spent the week-end in Los Angeles with friends.

The Triangle Film Company, which has been at work in Sunland the past week, finished their picture, "The Tree of Life," Wednesday. They say Sunland is an ideal spot for scenes.

Mr. Drake is making some decided improvements on his new home ranch. He is also putting the entire lot on Central avenue into garden, helping to win the war.

A party of young people went to Los Angeles to see the picture, "The Hearts of the World."

C. H. Eubank, president of the First National Bank of Wilmington, with a party of friends, was looking over property in Sunland with a view to locating here.

S. D. Percy has taken the contract of clearing the grapes from the public park.

The School Improvement Club met in its regular business meeting Wednesday. A new member was added to the large list of members.

At the election for a school meeting, Mrs. Clara Blumfield was elected to take the place of A. Adams, Jr., whose term had expired.

There will be a mass meeting of the citizens of this district in the interest of the Third Liberty Loan in the building occupied by the Chamber of Commerce, opposite the Sunland postoffice building, on Tuesday evening, April 16th. The officers of this district, with headquarters at Burbank, under the leadership of Mr. Church of the First National Bank of Burbank, will have charge of the meeting. Prominent speakers are announced. Everybody is expected to turn out and hear things of great interest to all.

Howard Bouman of Orange Cove was in Sunland Thursday.

Mrs. K. Corey has rented the cottage of John Mueller on First street and is furnishing it for Mrs. Haydon, who has been stopping at the Tavern for the past month.

Mrs. Riley and son left for home in Redondo after a two weeks' stay at the Tavern, much improved in health.

LA CRESCENTA

Mr. and Mrs. Hamlin spent the week end at their Crescenta home. They will come out soon to remain for the summer.

The La Crescenta Women's Club met on Wednesday afternoon at the home of Mrs. S. S. Thomas on Rosemont avenue. A most delightful afternoon was spent. The club voted to buy a \$100 Liberty Bond. This is the third bond purchased beside keeping a French orphan and contributing largely to all the Red Cross activities. Mrs. James Thomas, who has been the guest of her son, S. S. Thomas, this winter, sang several beautiful selections for the club members.

Don't forget that big vaudeville and dance for the Red Cross on Saturday, April 20. The committee in charge promises this to be the best ever and the array of talent is large and varied.

"Who? Emptied your sugar bowl? Requisitioned your income for taxes? Ruined your business? Makes you work overtime? Depreciates the value of your property? Took your boys from home to suffer and perhaps die in the trenches or in a German prison? The Kaiser, 'The All-Highest War Lord,' the Ghoul of Belgium, the Betrayer of Russia, the Assassin of Syria and Armenia, the slayer and crucifier of little children, the outrager of women, the treaty breaker, the looter of holy places, the pirate, spy, vandal, well-poisoner, your personal enemy. If you can't fight, yourself, make your dollars fight for you. Buy a Bond."

The librarian will welcome any books for shipment to our boys. Surely you can find some to pass along. Hurry. Hurry.

Our Red Cross classes sent in another big batch of work to head-

quarters. Did you help make any of the dressings and garments? Tuesdays and Thursdays from 10 to 4.

The Junior Red Cross are making checkboards and checkers for the soldiers and have already finished a knitted afghan. They are a very young organization but are doing good work.

The Farm Bureau met at La Canada on Thursday night. Although lacking a speaker from the central office, a splendid meeting was held.

Mrs. Dickinson spent a day at her place this week, having it fumigated and cleaned up in readiness for a new tenant.

Mrs. Price is a happy grandma. Norman Edward Land is the newly arrived. Both mother and baby are progressing splendidly.

The Thrift Stamps are Baby Bonds. Buy one a day, every day. Stand back of our soldiers with our pennies. Pennies soon count dollars.

The Junior Red Cross have an entertainment under way. Details next week.

Judd Thompson was home from San Diego over Sunday.

REST HOUSES AT MILAN

Four large rest houses, accommodating 200 to 300 soldiers daily, have been officially turned over to the American Red Cross in Milan, Italy, according to advices received at national headquarters of the Red Cross. Milan is an English and French, as well as an Italian base, hundreds of soldiers of the allied armies changing trains there daily.

These rest stations, which provide sleeping accommodations as well as recreation rooms for soldiers, are the first to be established at this point. The Red Cross will be aided in its management by a committee of prominent Italian women, with the Countess Piccini at their head.

In presenting the rest houses to Col. Robert Perkins, American Red Cross Commissioner to Italy, Lieut. Gen. Angelotti, commanding the army corps in Milan, spoke of Italy's friendship for America, and referred particularly to the Red Cross's care of the soldiers. He declared that with America's help there was no longer any question of victory.

"Here's where I lose ground," said the tramp as he slid into the bathtub.
